Day by Day

DAY 1: Siem Reap

DAY 1: Siem Reap

JT01 Angkor Explorer

Join us for an unforgettable day exploring the ancient temples of Angkor, a UNESCO World Heritage site since 1992. Our

expertly guided vintage jeep tour takes you off the beaten path, avoiding the crowds of tuk-tuks and buses, to immerse you in the serenity of these historical wonders.

As you journey through the park, your English-speaking guide will reveal the secrets of the majestic structures, including the breathtaking Angkor Wat and Angkor Thom. Marvel at the stunning bas-reliefs and sculptures of garudas and apsara dancers that adorn these 12th-century temples.

While we can't always avoid the tourists at the main sites like Angkor Wat and Bayon, we also explore lesser-known temples to give you a more intimate experience. These hidden gems offer a peaceful atmosphere, allowing you to connect with the mystical energy of the ancient Khmer kingdom.

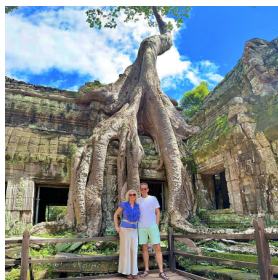

Enjoy a local lunch in a quaint village near the East Baray lake, prepared by a family in their home. This unique experience combines history, culture, and natural beauty, making your day at Angkor Wat truly unforgettable. Let your imagination run wild as you explore these timeless ruins, and take home memories of a day well spent in Cambodia's most iconic archaeological site.
