Day by Day

DAY 1: Siem Reap

DAY 1: Siem Reap

JT37 Exclusive countryside retreat

Prepare for an unforgettable adventure! At 3:00 PM, you'll climb into a rugged vintage jeep with your dedicated driver and guide, venturing just outside Siem Reap into the authentic Cambodian countryside. Our first stop is a local home, where you'll meet a family and acquire fresh lotus blossoms – a beautiful offering for Buddha.

Your journey continues along hidden sandy tracks and through dense forests, leading you to a serene Buddhist pagoda. Suddenly, the vast expanse of West Baray, a gigantic ancient lake, appears before you, an awe-inspiring sight. We'll drive for several kilometers along its tranquil shores before arriving at a picturesque pagoda. Here, you'll present your lotus offerings and receive a special blessing from the monks.

Following this spiritual moment, we trade our vintage jeep for a boat, preparing to cross the majestic waters of West Baray, immersing ourselves in its ancient grandeur.

You will stroll through Kok Tnout village, a hidden gem where rice fields stretch forever and life slows down. Meet the locals, learn to paint coconuts or weave with palm leaves.

But wait, there's more! Before dinner, get pampered with a foot massage, sip sunset cocktails you made yourself, or ride an ox cart like royalty.

Step into an evening of pure enchantment! Your exquisite dinner unfolds in the tranquil garden of a traditional Cambodian home, where the soft glow of lanterns illuminates your feast beneath a breathtaking canopy of twinkling stars. The air will be filled with the enticing aromas of a sumptuous, traditional meal, meticulously prepared by local master chefs just for you. Every dish is a culinary delight, perfectly paired with a generous flow of house wines and crisp, refreshing beers, ensuring a truly memorable dining experience that awakens all your senses.

After, the lights dim and the sky explodes. Shooting stars? You bet! This night, you touch the magic.

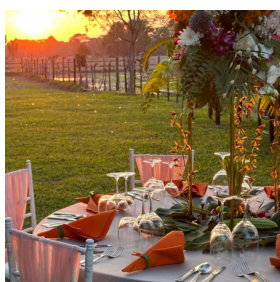

Rest assured, if the celebration leads to a few too many drinks, there's absolutely no need to worry. Your dedicated chauffeur and knowledgeable guide will ensure your safe and comfortable return to the hotel. This entire experience truly is a once-in-a-lifetime adventure that you'll cherish forever.
