## JT11 The Mystery Temple Tour

What could be more exciting than taking a tour and not knowing which temples you will visit or which route you will take? Welcome to our Mystery Temple Tour, designed specifically so we can show you some different temples on specially chosen routes away from other tourists so you can experience the magic of the temples without the crowds.

Forget the well-trodden paths of Angkor's famous temples for a moment! While Angkor Wat, Bayon, and Ta Prohm are absolute must-sees, today, our trusty vintage jeep is taking you off the map. We're plunging deep into the Angkor complex to uncover hidden temples where tourists are a rare sight. Go beyond the guidebooks, leave the crowds behind, and discover ancient, untouched wonders few ever get to witness!

If we were to mention the names of the temples, it would not be a mystery or a secret anymore, but what we can promise you is that it will be a truly unforgettable day and with our years of experience we will bring you to temples that are sure to amaze you.

We also specialize in temples that are off the beaten track and some are only accessible by vintage jeep, and who doesn't want to experience the magic of the Cambodian countryside in a vintage jeep? To make this day even more special we will prepare a picnic lunch to be enjoyed at a very special location.

Life is always better with surprises so let us surprise you and leave you with fantastic experiences, memories and photos that no one else has.
